

Art Nordholm

Art Nordholm is currently the President of the Canadian Society of Safety Engineering (CSSE) and has been a member of the organization for over 20 years. During this time, he has held other positions with the CSSE including Vice President, National Secretary, Regional Director and the Canadian NAOSH Week Chairperson.

Art holds the following occupational health and safety professional designations: Certified Health and Safety Consultant (CHSC) and Canadian Registered Safety Professional (CRSP).

In addition to his experience in workplace occupational health and safety, Art professionally investigates railway and pipeline occurrences for the Transportation Board of Canada (TSB) and has experience as a first responder in the capacity of volunteer Firefighter, First Aid Attendant, Ambulance Attendant and Search and Rescue. To compliment this, he also has been trained to Level 401 in the Incident Command System (ICS) for emergency response.

In 1993 Art received a "Merit Award" from the Federal Government of Canada for exceptional and distinguished contribution to railway and pipeline safety in Canada.
