

Your Course Instructor:

Sandra Coventry, CRSP

Sandra has been instrumental in the planning, development and delivery of industry specific training programs as an advisor to an industry safety association and in the reorganization of OH&S services in a large municipality.

Sandra's commitment to assisting health and safety practitioners and professionals achieve their development goals is demonstrated through her work as a successful instructor in the University of Alberta OH&S Certificate program, a guest lecturer at the University's faculty of engineering and speaker at both provincial and national CSSE conferences. She has assisted CRSP study groups meet their goal of the CRSP designation.

Sandra has continued her personal professional development and received an HR management certificate at the University of Alberta in 2002. She is currently working with a team of HR professionals as a strategic OH&S consultant in Alberta Community Development, a government department that operates and maintains provincial parks and wild lands, cultural facilities and histories sites, coordinates major sporting events and facilitates human rights issues. She has been facilitating the CSSE's CRSP Examination Prep Course for six years.
