Prevention

**MAY  
3-9  
2020**

As safety and health committee members, you play a valuable role in preventing injury and illness in the workplace and raising awareness of safety and health issues. Safety and Health Week presents an excellent opportunity to focus, reinforce and strengthen your organization's commitment to workplace safety and health. **We hope you'll participate in Safety and Health Week 2020! Here are three ways you can get involved:**

1

### Attend the 2020 Launch Event

Safety and Health Week launch events happen each year in communities like Winnipeg, Brandon, Morden/Winkler and Steinbach. Please join us at a launch event near you! Visit our website in the new year for details.

2

### Plan an Event

Get a Safety and Health Week planning team together and plan events and activities at your workplace that will help promote the importance of preventing injury and illness in the work, at home and in the community.

3

### Win an Award

Did you know your workplace could win a Safety and Health Week Award? After your event, get recognized for your efforts and enter your company's name for an award! Annual awards are presented to safety-minded organizations in various categories, including best new entry, best overall entry, most innovative and best representation of a theme.

Stay tuned to [safemanitoba.ca/safety&health-week](http://safemanitoba.ca/safety&health-week) for more details.

## SAFETY & HEALTH WEEK EVENT IDEAS

- launch a recognition program to reward safety and health suggestions
- create a company safety calendar with reminders and tips
- host a family safety fair or picnic
- showcase a personal protective equipment fashion show
- conduct workplace safety games throughout the week
