

Dan has worked in the safety profession for over 19 years. For the last 15 years, he has been the Environmental Health and Safety Manager for Clow Canada. Dan has worked as a safety coordinator for several shutdowns and long-term projects and has worked both, as a Paramedic and as a Journeyman Steel Fabricator / Welder in the past.

Dan is honored and proud to be recognized as the “2019 Outstanding Service to the Safety Profession for Atlantic Canada” award from the CSSE. Dan has obtained Certified Health and Safety Consultant (CHSC) from the CSSE in 2012. Dan has been a member of the CSSE and the ASSP since 2007. He is currently on the CSSE Board of Directors as the past Chair. Dan obtained Canadian Registered Safety Professional (CRSP) designation in 2009. He is the current chair for the Regional Screening committee with the BCRSP and serves as a brand ambassador for them.

Dan has mentored young safety professionals, giving guidance and advice. Dan is recognized as an internal auditor for his company and regularly audits several sister companies in Canada and USA for best management practices, compliance with OSHA and / or provincial regulations.

Dan has taken two separate courses with the Dale Carnegie group enhancing his public speaking and communication skills. Dan has presented at the WorkSafe NB Conference and regularly presents for the NB CSSE Chapter. Dan has been invited to speak about ergonomics for the New Brunswick Department of Transportation.

Dan lives in Saint John with his wife and daughter.
